**Committee
Name:**

Video Photography Committee

Mission:

Salthaven Wildlife Rehabilitation & Education Centre is committed to the care and rehabilitation of sick, injured, orphaned and compromised wildlife. Our goal is to return healthy animals to their natural habitat. Through education, we are dedicated to increasing public awareness about, and respect for, issues affecting Canadian wildlife.

Objective:

By participating in productive and inclusive meetings, this committee's main objective is to:

Create video material to support Salthaven's educational, internal and external purposes.

Goals:

The above objective will be accomplished by:

- Develop videos as required; from requests made by Brian Salt and respective committees such as educational, promotional, funny, thank you, volunteer and Salthaven Clinic videos.
- Ensuring the media content adheres to salthaven's standards and guidelines
- Maintain a roster of videographers available to capture impromptu videos as required (such as for rescues, releases and presentations)
- Create original video concepts for online exposure
- Work with production houses to create a national tv program

- Duties:** Committee Members will:
- meet regularly to review goals as well as report on individual and small group progress
 - actively manage their commitments to this committee
 - volunteer for and accept assignments
